## **Action Taken Report**

1. The syllabus has not been updated by the affiliating university in the recent time and the Institute has no control over it.
2. The faculty, in general, were advised to be interactive with the students. The students should not hesitate to get in touch with them for clearing their doubts or seeking guidance.
3. It was decided to introduce more indoor games for the students. Dean, Students Welfare was also advised to increase these activities of the students,
4. The UG students were not too satisfied by the services being provided by T&P Cell. Accordingly T & P Cell officials were advised to have more interactive sessions with the UG students.
