

Department of Forestry

Field Visit to FRI-CITY CENTER-RANGER'S COLLEGE, Dehradun on 29th November, 2022

Objective: To study Dendrological & Monumental Trees

On 29th November, 2022 the Forestry department of Dolphin (PG) Institute of Biomedical and Natural Sciences organised an educational tour to the FRI city center-old Ranger's College, Dehradun for Dendrological study. Total 70 students were accompanied by the subject teacher Dr. Sas Biswas, Dr. Anil Kumar Uniyal and Dr. Rashmi T. Chamoli. At Old Ranger's College Dr. Yogesh Gairola gave detailed information about the monumental site.

In the interactive session with Dr. Biswas, students were taught about various important monumental tree species planted there during Sir Dietrich Brandis tenure in the 19th Century. Few of them are:

- 1- *Tectona grandis*- 200 yr old
- 2- *Eucalyptus* spp- 198 yr old
- 3- *Diospyros malabaricum*- 188 yr old
- 4- *Dendrocalamus* spp-
- 5- *Pinus roxburghii*

There also visited a Chemistry lab established by Dr D. Brandis in 19th century, but now not in working condition.

The informative interaction with Dr. Yogesh Gairola & Professor Sas Biswas was beneficial for the students as they gained valuable information about Dendrological & monumental trees from the experts.
