Visit to Wood Seasoning & Preservation Division of FRI, Dehradun

An educational visit to Wood Seasoning & Preservation Division of FRI, Dehradun was organized for the students of B. Sc. Forestry 3rd year on 3rd August 2022. The objective of visit was to give hands-on experience to students on various techniques of wood preservation & related aspects i.e. preparation of preservatives, various techniques of wood preservation i.e. Full cell and empty cell pressure process, Boucherie method, dipping methods, testing of preserved wood's life by Graveyard test etc. Dr Aghato Sumi gave orientation on these techniques to the students. Students were also exposed to the recent advances in the field of wood preservation and the research work going on in the Institution. Very interactive and informative demonstrations on different techniques were given by Dr Aghato and students learnt lot by doing hands-on on these techniques. Bamboo preservation process, Boucherie process, was most appreciated and liked by the students. We are thankful to Dr Aghato Sumi, Scientist; Head Incharge Wood Seasoning & Preservation Unit and Director FRI for providing our students this opportunity. Total 34 students and three faculty members, Dr. Sas Biswas, Dr. Sandhya Goswami and Dr. Rashmi Chamoli were present during the visit.
