

Orientation on Managing Differently Abled Child

Department of Physiotherapy, DIBNS organised a special Lecture on, "Orientation on Managing Differently Abled Child" on 6th February, 2023. The Speaker, Dr. Sandeep Khanna, Senior Physiotherapist, Latika Roy Foundation, a voluntary organization in India working with children and adults who have developmental and other disabilities, enlightened the students about basics of approaching and handling differently abled children. Dr. Khanna taught the students about theoretical and practical skills of managing CP, autistic, and other neurological conditions in children. The session was highly informative as students had a lot to learn from the experiences of Dr. Khanna. 70 students attended the lecture and were actively participating in discussion session. Dr. Keerty Mathur, Dr. Richa Agarwal and Dr. Diksha Bhatt motivated the students with their presence.
