USERC Dehradun

Subject: Request for Advance Funding for Hands-On Training Programme

Respected Madam,

I hope this letter finds you in the best of health and spirits. I am writing to seek your support for an upcoming hands-on training programme on Hands-on Training "Spectral Techniques & material structures (15th June-21st June 2023) to be conducted in collaboration with the Dolphin Institute of Biomedical and Natural Sciences (DIBNS), UPES, SGRRU, and Wadia Institute of Himalayan geology Dehradun. The event is a significant initiative of USERC aimed at enhancing the skills and knowledge of participants from various districts of Uttarakhand. As USERC has assigned DIBNS to arrange accommodation for participants from all districts of Uttarakhand, as well as meals, transportation, and providing an honorarium to the resource persons, including Professor Versha Parcha, who will coordinate the training programme. To kick start the logistical preparations, we kindly request an advance of Rs 50,000. This advance will enable us to initiate the necessary arrangements well in advance, ensuring that the training programme runs smoothly without any disruptions. We understand the importance of financial responsibility and will be accountable for the appropriate utilization of the funds provided. We are confident that this training programme will not only benefit the participants but also enhance the reputation and collaborative efforts of all the involved institutions. We hope for your favorable consideration of this request, and we will provide detailed reports and accounts of the expenses incurred during the event. Your support is crucial to the success of this initiative, and we look forward to your positive response.

Thank you for your time and consideration.

Sincerely,

Versha Parcha
